Amanda Brophy
Global Director of Google Career Certificates

Odar Javier Alcocer

has successfully completed the online Professional Certificate

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed nine courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and Python. They know how to prepare, process, analyze, and share data for thoughtful action.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
